Route Overview

Detail After Turning on Salem Rd.

- Route for Smaller Rigs; ie. my 3 horse slant.
1. Get onto Hwy 321 northeast from Newport or southwest from Greenville.
 2. Turn southeast on Salem Rd. (right from Newport and left from Greenville) and go 3.2 miles.
 3. Turn southwest (right) on Clinton Rd. and go 1 mile.
 4. Turn northeast (left) on Long Creek Rd. and go 0.4 mile.
 5. Turn southeast (right) on Gunter Corner Rd. and go 1 mile.
 6. Gibson Girls Horse Hotel is on your left. You will see the Long Creek Fire Dept. also on your left so be sure to turn on the next driveway past that. You will see our mailbox.

Notes: You will see on the map that you could take Highway 25 east from Newport, then turn north on 340 and then east onto Long Creek Rd. Some GPS units will take you this way. I would not recommend taking this route with a big rig. I would take my 3 horse slant this way but it's winding and slow. There may be more traffic on this route and Long Creek is narrow. However, it is a scenic route along the French Broad River & then following Long Creek through wooded areas and past an access road into the National Forest (no trailer parking there however). If you do go this route do not turn on any gravel road as some GPS units will have you turn off of Long Creek Rd. onto a small gravel road, which would be treacherous with a trailer & even in my dually truck it's not fun!!
